

FRENCH IMMERSION SCHOOL L'ETOILE DU NORD

PARENT TEACHER ORGANIZATION

Please help welcome to the 2022-2023 LNFI PTO interns!* If you see them at school, stop to say hi! (If you would like to include your child's intern in a family activity or event, **see the bottom of the next page.****)

Bonjour! My name is Charlotte and I'm 23 years old. I come from a city called Angers where you can visit a beautiful castle. I have a B.A in English language and Literature, American and English civilization and I'm now doing my master's called FLE (French as a foreign language). I've wanted to become a French teacher in a foreign country for a very long time now. I love traveling (and already traveled a lot) so this internship is a very good opportunity professionally and personally for me to discover a new culture but also to share mine with students with different origins and who are very open-minded about other cultures. As an intern, I will be really happy to help them as much as I can to develop their knowledge in French and create a real cultural exchange. Also

my hobbies are traveling, listening to music, going out with my friends and learning new languages. Charlotte will be working with Mme Dubaille & Mme Scholl.

Hello! I am Marion Demaret, I am 22 years old. I am really excited to start the school year! I have 2 older sisters (38 and 40 y-o). My mom is a foster mom, and she takes care of 4 teenage girls (Kelly, Oceane, Leyla, Amandine). I live in Ham (the north of France), and I study in Lille (the best city in France!) to be an English teacher; I am studying for a master's degree in English teaching. I really like the civilization and literature classes, and I love to teach! I already taught some classes in France (middle school and high school), and that's when I knew I had chosen the right pathway because teaching is definitely my passion! What I like most about teaching is seeing how children evolve in their learning process. Another thing that I love about teaching, is to be part of the students' success in

learning! This internship is really important for me because I will learn teaching strategies and share my culture: food, music, pop culture, Art, traditions such as the "galette des rois" (a cake with a tiny doll made of ceramic).... My hobbies include reading American literature, playing guitar, traveling and listening to music! Marion will be working with Mme Rivard & Mme Swann.

Bonjour ! My name is Aurore-Marie. I come from La Réunion which is a small French island in the Indian Ocean near Madagascar. It has an active volcano, mountains, and also beautiful beaches. I've been living in Paris for the last three years and got a degree in English at La Sorbonne university. I'm doing the intern program because I want to become a French teacher in foreign countries to be able to travel the world while sharing French culture and language. I love drawing, painting, and arts and crafts in general. My favourite thing to do is cross-stitching. I also enjoy listening to music, singing and have recently started playing guitar. I'm looking forward to spending this year at L'étoile du Nord and to meeting the students! Aurore-Marie will be working with Mme Bolar Boly & Mme Geimer.

Hi! My name is Lucas Foure. I am a 25 year old student. I lived in Bourges, in the center of France before going to Perpignan, a city in the south of France where I studied History and English at university to become a teacher. I have always been fond of the American culture and am so glad to integrate l'Etoile du Nord this year. This is a great experience for me and I can't wait to share my culture and my passion for learning languages with the students. I already have some experience in this field, having done several internships and participated to programs in elementary school aiming at teaching a second language, and I found it extremely rewarding to see the students becoming more and more fluent. Aside from learning languages, I like listening to music, rock-climbing and playing chess. Lucas will be working with Mlle Eichten & M Gasho.

Bonjour! My name is Clémentine Le Turc, I am 25 years old. I live near Angers in the West of France. I am the second child of a family of 5. I have 2 sisters (26 & 22) and two little brothers (18 & 15). I just got my BA in English, and I am really excited to begin this new adventure as a teaching assistant at L'Etoile du Nord French Immersion School. I can't wait to discover what the teachers and students have to teach me but also to share with them what I can.

After this beautiful experience, I am going to do a Master in French as Foreign Language in Angers, with the aim to teach French to non-native speakers. This year will really help me to know me better personally but also professionally, to understand what I want and doesn't want.

During my free time I like playing boardgames, travelling, learning languages, listening to music and watching movies and series. Clémentine will be working with Mme Handley & Mme Tran this year.

Hi my name is Marie Loeffler! I come from a very very small town in Alsace where cows outnumber humans! However, I study English and education in Strasbourg (only the best city in France) to be an English teacher in France. I want to be a middle school or high school English teacher. Music has been a part of my life for many years and I have always loved to dance! I am very interested in Art and I love to paint watercolor. But my real favorite thing to do is eat!!! I love discovering new dishes and new flavors. I hope that this year at LNFI is going to make me feel more comfortable when speaking English and is going to be a good teaching and class managing experience for me. I look forward to spending time in the classroom with the students and help them be connected with France and French language. I also hope that it will give us the opportunity to travel and discover the USA!!! Marie will be working with Mme Stephenson & Mme Klein.

***The LNFI PTO fully funds the intern program and provides housing for them with LNFI families. The amount of PTO funding and the number of host families determine the number of interns the LNFI PTO can bring to LNFI each school year. Questions? Send an email to communications@lnfi-pto.org.**

****If you would like to see your child's intern outside of school, please send an email to communications@lnfi-pto.org to get the intern's contact information. The interns enjoy meeting other families, whether it's for a family meal, an event, or an outing with the family.**
